

**STILL
I RISE**

100% MODEL

100% MODEL

The “100% model” is a dream we have been pursuing for several years and, thanks to your support, can finally become a reality.

One of our 3 key values is transparency, which for us also means doing everything possible to **reduce fundraising costs, financing and capital costs and operating costs** so that the highest possible percentage of **your donation goes directly to our programs and activities***.

In 2023, this percentage was already very high, more than **95%**. But we want to do more, and **reach 100%**.

Finally we can do it: **if we reach 200,000 for our International School in India by June 30, a family foundation will donate the same amount to enable us to cover these expenses for 9 months**.**

* “These are the costs that don’t fall under “missions and activities” under Italian Law.

** Estimate based on previous years income and forecasts for the next 3 years.

What costs will the Foundation cover?

Still I Rise is registered in Italy as an APS, and as such publishes its financial statements annually according to the categorizations imposed by Italian law.

The Foundation will cover **fundraising costs, financing and capital costs and operating costs**. Here is a breakdown of what it implies:

OPERATING COSTS:

- Materials for association activities and projects
- Annual membership fees
- Miscellaneous consumables
- Stamps
- Paper and stationery
- Travel insurance
- Foreign exchange fees
- Annual employee insurance
- Rounding of Assets
- Travel expenses
- Certification expenses
- Volunteer expenses reimbursement
- Teaching and training expenses
- Other education and training expenses
- Software fees and IT support
- Translation services
- Other fees

- Minor goods
- Phone and video communications
- Shipping charges
- Venues rental fees
- Volunteer insurance
- Legal-Administrative-Finance Consultancies
- Other administrative services
- Representation expenses

FINANCING AND CAPITAL COSTS:

- Banking costs
- Provisions for risks and charges

FUNDRAISING COSTS:

- Fundraising expenses
- Post services for fundraising efforts
- Goods needed for fundraising efforts

Programs and Activities

This support will allow us to **allocate 100% of your donation to our programs and activities**, which of course includes the set up and running of all our Schools, but not only that.

It includes, for example, curriculum development and training for our teachers on the ground, all our projects with Italian schools, and all the work we do in research and development.

It includes our advocacy, communication and legal work, where every day we strive to fight for the rights of our students and doing advocacy activities to build a movement and not our Revolution forward.

It includes all our reporting, sourcing, organizing work, as well as coordinating the hundreds of people who are part of Still I Rise.
And much more.

We are very grateful to the Foundation for agreeing to cover these costs, and we will continue to strive in the coming months and years to maintain this model in the long term.

IF YOU CAN, DONATE NOW:
support the start-up of our International School in India and simultaneously help us achieve the 100% model!

Let's change the world
TOGETHER
one child at a time
